# MUSHROOM DOME

A geodesic dome tent in five sizes, from 5 m to 10 m across, in eight shell colours

STARTING PRICE

## ₹1,65,000

Tentative · taxes as applicable

# ROUND, OPEN AND STRONG

A round room on a triangulated steel frame, covered with a tough PVC fabric shell. The triangles spread the load evenly, so the dome is strong for its weight, opens wide inside with no pillars and lets in natural light. Five sizes, each with a standard layout that can be changed.

# FLOOR PLAN

A SERENITA, 5 M NOT TO SCALE

A double bed, a wardrobe, a console and a table for two. Larger sizes add a bathroom, a sofa or a lounge. Every layout can be changed to suit your guests.

# WHY IT WORKS

01 **Shaped to stand the wind**

The rounded shape deflects strong winds.

02 **Snow-load strength**

The geodesic frame carries heavy snow loads.

03 **An anti-wobble frame**

Steel hubs join every strut, so the frame stays braced against sway.

04 **A cover replaced on its own**

The frame stays; the PVC cover is changed when it is worn.

05 **Eight colours, one price**

The shell colour does not change the price.

06 **Customisable interior**

Beds, bathroom, lounge and storage arranged around your guests.
